THE BENGAL TENANCY (AMENDMENT) BILL, 1931.

A BILL

further to amend the Bengal Tenancy Act, 1885, as amended by the Bengal Tenancy Amendment Act (Bengal Act IV of 1928).

Preamble

WHEREAS it is expedient further to amend the Bengal Tenancy Act of 1885 as amended by the Bengal Tenancy Act of 1928 in the manner hereinafter appearing,

AND WHEREAS the previous sanction of the Governor General under sub-section (*3*) of section 80A of the Government of India Act has been obtained to the passing of this Act, (5 & 6 Geo V c 61, 6 & 7 Geo V c 37, 9 & 10 Geo. V c 101)

It is hereby enacted as follows —

Short title and commencement

1. (*1*) This Act shall be called the Bengal Tenancy (Amendment) Act, 1931

(*2*) It shall come into force at once

Amendment of section 148 of Act VIII of 1885

2. In section 148 after the words "suits for the recovery of rent" the words "and for enhancement of rent" shall be added

Amendment of section 148

3. In section 148, clause (*h*), after the words "notwithstanding anything contained in rule 4 (*3*) of Order XXXII in Schedule 1 to the Code of Civil Procedure, 1908, the Court may serve on the natural guardian of a minor defendant in a suit for arrear of rent" the words "and for enhancement of rent and in execution proceedings of such decrees" shall be added

Amendment of section 148

4. To section 148 the following sub section be added after (*h*)

"(*hh*) The Court may, in addition to the service of the notice mentioned in sub section (*h*), issue a registered post-card upon the natural guardian of the minor defendant and the cost of such registered post-card shall be paid by the plaintiff"

STATEMENT OF OBJECTS AND REASONS.

Under the provisions of the Bengal Tenancy Amendment Act IV of 1928 a natural guardian may be appointed as guardian *ad litem* of a minor defendant in a rent suit even if he does not appear before the Court and give his assent to such appointment The result is that the parties are not saddled with further cost in the shape of a guardian fee which ultimately devolves upon the tenant, for some time this procedure was followed in execution of rent decrees and in suits for enhancement of rent But by a letter No 28G, dated the 3rd January, 1930, addressed to the District Judge of Jessore, the Registrar of the Hon'ble the High Court directed that guardian fees shall be payable in execution of rent decrees and in suits for enhancement of rent This is anomalous If guardian fee is not payable for obtaining a rent decree it should not be payable for executing the decree A suit for enhancement of rent is necessarily a rent suit as it is brought under the provisions of the Bengal Tenancy Act Hence if guardian fee is not payable in rent suits it should not be payable in suits for enhancements of rent. Moreover, it ultimately devolves upon the poor tenant as an additional burden

To remove this anomaly and this hardship this amendment has been brought

No 562L — 25th February, 1932 —It is hereby notified for general information that at the meeting of the Bengal Legislative Council held on the 22nd February, 1932, a motion was carried that the Calcutta Municipal (Amendment) Bill, 1931, by Mr Mukunda Behari Mullick, M.L.C, be circulated for the purpose of eliciting public opinion thereon within the 15th March, 1932 Expressions of opinion by public bodies or by individuals interested in the said Bill which is published together with its Statement of Objects and Reasons in this Gazette should be sent so as to reach the undersigned before that date

THE CALCUTTA MUNICIPAL (AMENDMENT) BILL, 1931.

A

BILL

to amend the Calcutta Municipal Act, 1923

Preamble

WHEREAS it is expedient to amend the Calcutta Municipal Act, 1923, in the manner hereinafter appearing so as to redistribute the areas of Wards Nos 28 and 29 with a view to equalize the areas of the said Wards,

It is hereby enacted as follows —

Short title

1. This Act may be called the Calcutta Municipal (Amendment) Act, 1931

Commencement

2. It shall come into force on such date as the Local Government may, by notification in the *Calcutta Gazette* direct

Amendment of Schedule VII

3. (*i*) In Schedule VII, column 3, against Ward No. 28, for the expression " Narikeldanga Main Road " the expression ' Maniktola Main Road " is to be substituted

(*ii*) In Schedule VII, column 4, against Ward No 29, for the expression ' Narikeldanga Main Road " the expression ' Maniktola Main Road " is to be substituted

STATEMENT OF OBJECTS AND REASONS.

The Bill is intended to remove the difficulties that the residents of Ward No 29 feel in having their needs being attended to by one elected Councillor It follows as a matter of consequence that it is impossible for one Councillor to attend to the needs of residents of such a large area It will be remembered that under the old Maniktola Municipality there were three Wards Nos 1, 2 and 3 which, after its amalgamation with the Corporation of Calcutta under the new Calcutta Municipal Act of 1923, were reconstituted into two Wards, Nos 1 and 2 of the old Municipality being practically reformed as Ward No 29 under the new constitution The result has been that while the old Ward No 3 of the old Maniktola Municipality with its lesser area and lesser number of voters has been given two elected Councillors, Ward No 29, which was originally Wards Nos 1 and 2 of the old Maniktola Municipality, with its larger area and greater number of voters has been given only one elected Councillor The amendment proposed only aims at the removal of the several difficulties of the said Ward by suggesting that a portion from the southern side of Ward No 29, as indicated in the amendment, will be transferred to Ward No 28, while the said latter Ward will retain its two elected seats And it will remove a portion of the congestion of Ward No 29 and will leave the affairs of the ratepayers of the said Ward at whose instance the Bill is being introduced in the Council to be properly looked after by one elected Councillor

STATEMENT OF OBJECTS AND REASONS.

The Bengal Criminal Law Amendment Ordinance, 1931, expires on the 28th April, 1932 Recent events have unfortunately shown that the provisions of the Ordinance cannot safely be allowed to lapse The Bill provides that the Bengal Criminal Law Amendment Act, 1930, shall be amended substantively on the lines of the Ordinance

2 The Bill also extends the power to search any place and seize any property to places and property outside the jurisdiction of the officer empowered under sub-section (2) of section 4 It also makes cognizable and non-bailable offences under section 6 of the Act and amends the section relating to allowances to persons under restraint and their dependants so as to allow the Local Government to take into consideration other sources of income of detenus or their dependants, when fixing allowances, and to make allowances in cash, or kind, or both to the former class.

Short notes on the different clauses are given below.

Clause 2.—This reproduces the provisions of the Bengal Criminal Law Amendment Ordinance, 1931, which will lapse on 28th April, 1932, and must be replaced by an Act before that date

Clause 3.—Great difficulties have been experienced in making searches under section 4(2) because the power of search is at present limited to the officer who makes the arrest, and to the time of making the arrest It is proposed to grant powers of requiring or causing search, similar to those granted by section 166(1), Criminal Procedure Code, to a police officer not below the rank of sub-inspector making an investigation

Clause 4.—At the time the Bengal Criminal Law Amendment Bill, 1930, was under discussion in the Legislative Council an amendment to section 6 was accepted, reducing the term of imprisonment from three to two years It was not noticed at the time that the amendment altered the incidents of the offence under columns 3, 4 and 5 of Schedule II to the Criminal Procedure Code This effect was not intended and the purpose of the present clause is to restore the offence to its former category as cognisable and non-bailable, and one for which a warrant shall ordinarily issue in the first instance

Clause 5.—Under the law as it stands at present the Local Government are not authorised, when fixing allowances for détenus or their wives or near relatives who are dependent on them for support, to take into account other sources of income which are unaffected by the detention It is proposed to remove this omission Further, under the law as it stands at present, allowances to détenus must be in cash and it is not open to Government to provide instead meals or rations This had led to difficulty on occasions, and it is proposed to give Government the power to make allowances in cash or kind or both, as the circumstances may require

Clause 6.—This includes the Bengal Criminal Law Amendment Ordinance, 1931, in section 15 of the principal Act to avoid any hiatus

Clauses 7 and 8.—These reproduce the amendments which were made to the First and Second Schedules of the Act by the Bengal Criminal Law Amendment Ordinance, 1931

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 25th February 1932

Second Forecast of the Spring Oilseed Crops of Bengal, 1931-32.

(NOTE.—On an average of the five years ending 1929-30, the area under linseed in Bengal has represented some 3·6 per cent, and that under rape and mustard 11·4 per cent of the total areas under these crops in British India)

Character of the season.—As reported in the second forecast issued in December last, the sowings commenced in the usual time except in some East and North Bengal districts, where the operations were somewhat late owing to late subsidence of flood water Subsequent dry weather since the second week of November proved helpful to the germination and growth of the crops, but the drought being prolonged up till the end of January has affected their growth to some extent On the whole, however, the crop is expected to be a satisfactory one for the province this year

Area sown.—Oilseeds are chiefly grown in the Rajshahi, Dacca and Presidency Divisions In the other two divisions the cultivation is small The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 940,700 acres this year as against 914,800 and 933,400 acres, respectively, in the corresponding and final forecasts of last year

Outturn.—From the District Officers' estimates, the average outturn of the different oilseed crops of the province works out at 82 per cent of the normal as against 83 and 82 per cent reported, respectively, in the corresponding and final forecasts of last year

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 24th February 1932.

Second Forecast of the Wheat Crop of Bengal, 1931-32.

(NOTE.—On an average of the five years ending 1929-30, the area under wheat in Bengal has represented some 0.4 per cent of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (a) British India and (b) in the territory now reported on has, in the five years ending 1929-30, averaged (a) 39.7 and (b) 11.2 per cent, respectively.)

Character of the season.—As stated in the first forecast, the weather was generally favourable at sowing time. Subsequently dry weather in December also proved beneficial, but the drought continuing during latter month has affected the growth of the crop to some extent. On the whole, however, a satisfactory crop is expected this year.

Acreage.—According to the estimates of District Officers, the total area sown amounts to 145,100 acres this year as against 141,800 and 142,900 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn, as worked out from district estimates, is 85 per cent as against 85 and 75 per cent, respectively, in the corresponding and final forecasts of last year.

R. S. FINLOW,

Director of Agriculture, Bengal.

GOVERNMENT OF BENGAL.

RESOLUTION—No. 3035 L R

CALCUTTA, THE 29TH FEBRUARY 1932.

Read—

Memorandums Nos 1859 R G. and 2142 R G., respectively, dated 1st October 1931 and 5th November 1931, from the Commissioner of the Presidency Division submitting final reports on test relief works and relief operations in the district of Murshidabad during a period of one year from August 1930

The reports deal with the operations for the relief of distress in Shamserpur and Suti thanas in the Jangipur subdivision and in the Jalangi thana of the Sadar subdivision in the district of Murshidabad The total area affected in the Jangipur subdivision was about 50 square miles with a population of about 30,000

In the Jangipur subdivision lac yields a considerable income and the general economic depression and the failure of lac for the last two or three years had affected the population.

Signs of distress appeared in the middle of August 1930 The failure of the crops was so serious that at several places people besieged the houses of mahajans and demanded loans. Timely action prevented any actual breach of the peace. Jute and *Aus* paddy had been sown late on account of late rainfall and were damaged by floods before they became ripe for harvesting. The area affected in the Jalangi thana of the Sadar subdivision was 30 square miles with a population of about 15,500 mainly dependant on the *Bhadoi* and *Chaitali* crops as winter paddy is not grown in this tract. The distress began in June 1931 and was due to failure of the *Bhadoi* crops of 1930-31 owing to partial drought at the sowing season and early floods from the Padma (Ganges) river. The *Chaitali* crops also were damaged by the untimely rainfall in January and February 1931 The general economic depression also caused contraction of credit and dearth of employment in both areas.

2. The duration and degree of distress were not however such as to necessitate at any stage of the operations, the declaration of scarcity or famine under section 74 of the Bengal Famine Code, 1913.

3 Relief measures were promptly undertaken by Government and the district board as follows —

Gratuitous relief.—Two centres were opened for the distribution of gratuitous relief in the Sadar subdivision—one at Kazipara and the other at Jalangi. At both the centres gratuitous relief was given in the shape of distribution of rice to the old, infirm and children, but in addition to this relief paddy-husking work was given to women at Kazipara centre For gratuitous relief and paddy-husking Government sanctioned Rs. 2,100, and Rs 200 was received from the President of the Charity Performance Committee, Berhampore The total number of persons gratuitously relieved was 1,087.

Test relief.—Test relief works consisted of repairs and improvement of roads. In the Jangipur subdivision 12 miles and in the Sadar subdivision 18 miles of unmetalled district board roads were repaired and improved by employing 46,805 persons at a total cost of Rs. 12,875 out of which Rs 10,200 was advanced by Government In the Jangipur subdivision works were started on 5th September 1930 and lasted till 28th October 1930 and in the Sadar subdivision they were started on 24th June 1931 and closed on 15th August 1931. The works are of a permanent nature and of distinct public utility

Agricultural loans.—Agricultural loans were given to the people in the Jangipur subdivision amounting to Rs. 25,000. About 8,000 families were benefited by the agricultural loans

4. The Governor in Council is satisfied that the measures taken for relief of distress were successful and adequate. He desires to record his appreciation of the good work done by Mr J. M. Chatterji, the Collector, Rai Sahib Phani Bhusan Mitra, Sadar Subdivisional Officer, Mr. G C Sen, Subdivisional Officer, Jangipur, Mr. N G. Singh, Second Circle Officer, Berhampore, and the District Board of Murshidabad.

ORDER—Ordered that this resolution be published in the *Calcutta Gazette.*

By order of the Governor in Council.

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs 200, a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only

RULES FOR STATE SCHOLARSHIPS.

PART I

I.—GENERAL.

1. Classes of State scholarships.—Subject to the provision of funds for the purpose, the following classes of State scholarships are awarded by the Government of Bengal for study abroad:—

(*i*) University scholarships.

(*ii*) Scholarships for Indian women.

(*iii*) Indian teachers' scholarships.

(*iv*) Language scholarships.

Details of these scholarships are given in the succeeding rules.

2. Where State scholarships are tenable.—State scholarships are ordinarily tenable only in the United Kingdom, but, with the sanction of Government, they may be made tenable in any country outside India.

3. Candidates eligible for State scholarships.—State scholarships are awarded only to candidates (*i*) who are natives of the province of Bengal, or who have a permanent domicile within this province, or who hold permanent posts under the Government of Bengal, and (*ii*) who fulfil the special conditions applicable to the scholarships for which they submit their candidature.

4. Applications.—Candidates for State scholarships must submit an application in their own handwriting. Each such application must include not less than two character testimonials from Professors or other responsible persons to whom the candidate is known, a statement of the candidate's academic qualifications, an indication of the special line of research or study which he or she desires to pursue and a medical certificate as evidence of his or her physical fitness to undergo a course of study abroad.

NOTE.—This rule shall not apply to the scholarships awarded for the professional training of Indian teachers of secondary schools. Applications shall not be entertained for such scholarships, but the selected candidates shall be required to produce medical certificates as evidence of their physical fitness to undergo a course of study abroad.

5. Nominations.—The selection of scholars will be made by the Government of Bengal in all cases in accordance with such procedure as may from time to time be prescribed. When a candidate for a

State scholarship is already resident in the United Kingdom, the High Commissioner for India will be consulted about him before final selection

6 **Details to be furnished to the High Commissioner regarding selected candidates.**—Each candidate selected for a State scholarship shall be required by the Director to submit to him a statement in the form prescribed in Appendix A

7. A copy of this statement and of the enclosures thereto shall be forwarded by the Director to the High Commissioner for India, so as to reach him six months before the scholar's arrival in England The High Commissioner should simultaneously be advised of any special suggestion that may have been made by Professors or other educational authorities regarding the course of training which a particular scholar may advantageously follow

NOTE —The exact course of study or training or the institution at which it is to be pursued should not be too rigidly defined but should be left to the discretion of the High Commissioner, who, whilst bearing carefully in mind the special purpose of the scholarship would decide the most suitable University or College Scholars will not, without the knowledge and permission of the High Commissioner, be allowed to apply direct for admission to a University or College in the United Kingdom The High Commissioner will be prepared to consider the personal wishes of a scholar if he considers that they are likely to meet the purpose for which the scholarship has been awarded

8. Consultation with local University Students' Information Bureaux.—Selected scholars should communicate with the local University Students' Information Bureau to obtain any information or advice they need and they should, when proceeding to England, take with them the originals of their certificates, diplomas, testimonials and such other important personal documents as may be suggested to them by the local Secretary of the University Students' Information Bureau

9. Passages.—Selected scholars are required to proceed to the United Kingdom or such other country, in which the scholarships awarded to them are made tenable, within a reasonable time from the date of their selection and to reside there for the period of the tenure of their scholarships, unless compelled by ill-health to return to India before the expiry of that period In the case of scholars, whose scholarships are made tenable in the United Kingdom, they should time their departure so as to arrive there not later than the middle of September

10. Execution of Bonds.—Selected scholars are required to execute a bond in the prescribed form (*see* Appendix B) undertaking to repay the amount of scholarship they have received, if they fail to return to India when instructed by the High Commissioner to do so

11. Guarantee of employment.—The award of a scholarship does not carry with it any guarantee of subsequent employment under Government, nor can any expectation of such employment be held out to any scholar.

II.—RULES REGARDING DIFFERENT CLASSES OF STATE SCHOLARSHIPS

12. University scholarships.—(1) Two University scholarships are awarded every alternate year to Indians, who are natives of the province of Bengal or who have a permanent domicile therein, for the purpose of general study. They are tenable for three years in the United Kingdom and are each of the annual value of £240 *plus* approved University and College fees at Universities other than Oxford and Cambridge. At Oxford and Cambridge they are of the value of £360 when scholars are in collegiate residence and of £325 when they are in non-collegiate residence. The scholarships shall be awarded to the two best candidates—preferably one Muhammadan and one non-Muhammadan irrespective of the Universities to which they belong.

(2) Candidates for these scholarships must be in possession of a first class degree and, other things being equal, preference will be given to candidates whose age does not exceed 25 years.

13. Scholarship for Indian women.—(1) One scholarship for the study of educational or professional courses is awarded triennially to an Indian lady. It is tenable for three years in the United Kingdom and is of the annual value of £240 *plus* approved University and College fees, at Universities other than Oxford and Cambridge. At Oxford and Cambridge it is of the value of £360 per annum when the scholar is in collegiate residence and of £325 per annum when she is in non-collegiate residence.

(2) Candidates for this scholarship must hold a degree of an Indian University or possess adequate qualifications of a professional nature.

14. Indian teachers' scholarships.—(1) Two scholarships are awarded annually to Indian teachers of secondary schools for the purpose of professional training. They are tenable for two years in the United Kingdom and are each of the annual value of £240 *plus* approved University and College fees, at Universities other than Oxford and Cambridge. At Oxford and Cambridge they are each of the value of £360 per annum when the scholars are in collegiate residence and of £325 when they are in non-collegiate residence.

NOTE 1.—Each scholarship under this rule is awarded for one year in the first instance. It will be extended for the second year by the High Commissioner for India if the scholar obtains at the end of the first year course a diploma in education at a British University. The second year of its term will be spent under the direction of the High Commissioner for India on the study of the educational technique of one or more special subjects, including observation works in school organisation and administration. Occasionally a scholar may be allowed by the High Commissioner for India to spend one or both years in study for a diploma or degree at a British University in a cultural subject and not necessarily in pedagogy. Each scholar, provided he is physically fit in the opinion of the High Commissioner, will be expected to take special training in scouting during his stay in the United Kingdom but no extra grant for this purpose will be sanctioned by Government.

NOTE 2.—Government servants selected for these scholarships will be entitled to the usual travelling allowances for their journeys both ways between the places of their employment and Calcutta.

(2) Only graduates of distinction of an Indian or overseas University, who possesses considerable professional experience, will be considered eligible for these scholarships and, other things being equal, preference will be given to those whose age does not exceed 35 years

(3) Local officers controlling secondary schools shall submit nominations for the award of these scholarships to the Director not later than the 15th December every year, and the nominations of the Director should reach Government not later than the 15th January of the following year Such nominations should be confined to men of personality likely to make good headmasters in future A good presence and polished manners are desirable, if not essential A high degree of scholarship, *e g*, M A or M Sc, should not be insisted upon, but a pass B A or B Sc should not be nominated, except in very exceptional circumstances, *i e*, when the degree does not represent the real mental capacity of the candidate A good reputation as a teacher and professional keenness is a *sine qua non*

(4) Government servants, if awarded these scholarships, will be treated as on duty for the entire period of their absence from their appointments in India, and will draw the full pay of their appointments for the period not covered by their scholarships

NOTE —The selection of a teacher for this scholarship carries with it no guarantee of appointment or promotion to a headmastership or assistant head mastership, whether the scholar is or is not in Government service

15. Language scholarships.—(1) One scholarship is triennially awarded to Indians for the critical and scientific study of the Sanskrit or Arabic language and literature by Western methods It is tenable for three years in the United Kingdom and is of the value of £240 per annum, *plus* approved University and College fees, at Universities other than Oxford and Cambridge At Oxford and Cambridge it is of the value of £360 per annum when the scholar is in collegiate residence and of £325 per annum when he is in non-collegiate residence

(2) Candidates for this scholarship must be qualified students with distinctive capacity for Oriental language study, and they must have passed such examinations in India as qualify them for admission to a University in Europe as advanced or research students

(3) A working knowledge of French and German should, if possible, be acquired by the scholar before leaving India

(4) In the selection of scholars for the study of Sanskrit regard will be paid to the following considerations As the vast range of Sanskrit literature makes it necessary for a scholar to select some special field of Sanskrit learning in which to specialise, the choice of the special branch of study must be made in India, and the requisite preparatory studies completed before the scholar leaves for Europe Thus, if a Sanskrit scholar wishes to specialise in—

(*a*) Veda and Philology, he should have some knowledge of Latin or Greek.

(b) Philosophy, he should have studied one of the systems of Indian Philosophy in the original texts, and have read Plato and Aristotle

(c) Post-Vedic literature, his reading should have extended considerably beyond the limits of the courses prescribed for the M A. examination of an Indian University.

(5) Holders of this scholarship at Oxford or Cambridge will be expected to become non-collegiate students, and permission to join a college will not be granted unless admission to the University is not otherwise possible, or unless the scholar is of undergraduate age and has rooms offered to him in college

RESOLUTIONS.

New Delhi, the 18th February 1932

No F -38-I (a)-Ex I/32 —His Majesty's Secretary of State for India in Council has been pleased to make the rules appended to this Resolution, defining the classes of expenditure from central revenues upon subjects*

**Note* —Since the enactment of the Government of India Act, 1919, and of the Devolution Rules it is not permissible to incur expenditure from central revenues on provincial subjects or to make assignments from central to provincial revenues for expenditure on a provincial subject except in so far as such expenditure represents payment for services rendered by the Local Government.

other than provincial subjects which the Governor-General in Council may not sanction without the previous consent of the Secretary of State in Council These rules supersede all previous rules of a similar nature and, subject to their observance, orders regarding specific cases of expenditure, passed by the Secretary of State in Council under regulations previously in force will no longer be binding

2 If the sanction of the Secretary of State in Council is required by these rules to any expenditure, such sanction should ordinarily be obtained before the Legislative Assembly is asked to vote supply to meet the expenditure The Governor-General in Council may depart from this rule in cases of extreme urgency, where the time available is so short that sanction cannot be obtained by telegraph, but in such a case, a statement showing all schemes for which supply has been asked before sanction has been obtained must be submitted to the Secretary of State as soon as possible after the presentation of the demands to the Assembly

3 The Governor-General in Council may sanction an excess over an estimate which has, prior to the introduction of these rules, received the sanction of the Secretary of State in Council if the total cost of the estimate, as increased by the excess, is within the powers of sanction conferred upon the Governor-General in Council by these rules, and may sanction the extension of a temporary post which has received similar sanction if he would, under these rules, be competent to sanction the creation of such a post for the full term as extended

4 Subject to the provisions of Section 67-A of the Government of India Act and to the observance of—

(i) these rules,

(ii) any rules made by the Secretary of State in Council under the Government of India Act,

(iii) the rules relating to the financial powers of the Governor-General in Council in railway matters,

(iv) Army Regulations governing the grant of allowances, pensions and gratuities,

(v) any instructions issued by the Secretary of State in Council delimiting the power of the Governor-General in Council to sanction expenditure in respect of persons in civil employment who are not subject to or have been excluded from the operation of the Civil Services (Classification, Control and Appeal) Rules,

the Governor-General in Council has full power to sanction expenditure from central revenues upon subjects other than provincial subjects and, with the previous consent of the Finance Department, to delegate such power upon such conditions as he may think fit either to any officer subordinate to him or to a local Government acting as his agent in relation to a central subject Any sanction given under this rule will remain valid for the specified period for which it is given, subject in the case of voted expenditure to the voting of supply in each year. Orders or delegation passed under this rule may contain a provision for re-delegation by the authority to which the powers are delegated

Rules relating to expenditure by the Government of India on subjects other than provincial

1 The previous sanction of the Secretary of State in Council is necessary —

(1) To the creation of any new, or the abolition of any existing, permanent post paid from Military estimates, if the post is one which would ordinarily be held by an officer holding the King's Commission

(2) To the creation of a permanent post paid from Military estimates on a maximum rate of pay exceeding Rs 2,000 a month or the increase of the maximum pay of a sanctioned permanent post to an amount exceeding Rs 2,000

(3) To the creation of a temporary post paid from Military estimates on pay exceeding Rs 4,000 a month, or the extension beyond a period of three years of a temporary post or deputation on pay exceeding Rs 2,000 a month

NOTE.—The limits in the case of posts paid from Civil estimates, corresponding to those prescribed in sub-rules (2) and (3), are laid down in Rule 10 of the Civil Services (Classification, Control and Appeal) Rules made by the Secretary of State in Council under the Government of India Act

(4) To any expenditure on a measure other than a Military Works Project costing more than Rs 5,00,000 (initial *plus* one year's recurring) and involving outlay chargeable to the Army or Marine estimates

(5) (*a*) To any expenditure on the inception of a Military Works Project which is estimated to cost, or forms part of a scheme which is estimated to cost, more than Rs 10,00,000

(*b*) To any expenditure on a Military Works Project in excess of the original sanctioned estimate, if —

(i) the excess is more than 10 per cent of the original sanctioned estimate, and the estimated cost of the project thereby becomes more than Rs 10,00,000,

(ii) the original estimate has been sanctioned by the Secretary of State, and the excess is more than 10 per cent of that estimate, or more than Rs 10,00,000

(*c*) To any expenditure on a Military Works Project, in excess of a revised or completion estimate sanctioned by the Secretary of State

Provided that, for the purposes of clauses (*b*) (*ii*) and (*c*) of the rule, if any section accounting for 5 per cent or more of the estimated cost of a project sanctioned by the Secretary of State is abandoned the estimated cost of the works in that section shall be excluded from the total sanctioned estimate of a project for the purpose of determining whether the Secretary of State's sanction is necessary

(6) To any expenditure on the purchase of imported military stores, otherwise than in accordance with such rules as may be made in this behalf by the Secretary of State in Council

(7) To any expenditure, otherwise than in accordance with such rules, as have been or may be laid down in this behalf by the Secretary of State in Council, upon—

(10) To any expenditure which is likely to involve at a later date expenditure beyond the power of sanction of the Governor-General in Council

2 The foregoing rules do not apply to expenditure in time of war with a view to its prosecution The Government of India have full powers with regard to such expenditure, subject only to the general control of war operations which is exercised by the Secretary of State for India in consultation with His Majesty's Government, to the necessity of obtaining the sanction of the Secretary of State in Council to really important special measures required to carry out those operations, where in the judgment of the Government of India time permits a previous reference to him, and to the obligation to keep him as fully informed as circumstances allow of their important actions

L R FAWCUS,

Secy to the Govt of Bengal

No 4984E, dated Calcutta, the 11th September 1931

From—RAI BAHADUR S K RAHA, Commissioner of Excise and Salt Bengal,

To—The Secretary to the Government of Bengal, Department of Agriculture and Industries

I have the honour to submit the following report on the Administration of the Excise Department in the Presidency of Bengal for the year 1930-31 —

CHAPTER I.—ADMINISTRATIVE CHANGES AND GENERAL REVIEW.

1 **Laws in force in the Presidency.**—The Dangerous Drugs Act, 1930 (Act No II of 1930 of the Indian Legislature), came into force in the Presidency during the year under report with effect from 1st February 1931 This Act amended the Opium Act, 1878 (Act I of 1878), and the Bengal Excise Act, 1909 (Bengal Act V of 1909), already in force in the Presidency, to the extent and in the manner mentioned in the fourth column of Schedule II thereof

2 **Administrative changes and reforms.**—(1) The following orders were passed by the Government of Bengal regarding administrative arrangements for carrying out the provisions of the Dangerous Drugs Act, 1930 —

(*i*) Under section 22 of the Act, the following officers of the Bengal Excise Department have been authorised to issue warrant for the arrest of any person, reasonably believed to have committed an offence punishable under Chapter III of the said Act, or for the search of any building, vessel or place in which any contraband dangerous drug is kept or concealed, namely —

(*a*) Deputy Commissioners of Excise, Bengal, and the Collector of Excise, Calcutta

(*b*) Superintendents of Excise, and Inspectors of Excise in charge of districts (Vide Government of Bengal, Commerce Department, Notification No. 761Com, dated the 7th February 1931)

(*ii*) Under section 23 of the Act, all officers of the Excise, Police, Customs, Salt, Opium and Revenue Departments in this Presidency, superior in rank to a peon or constable, have been authorised to exercise the powers described in the said section (Powers of entry search, seizure and arrest without warrant) (Vide Government of Bengal, Commerce Department, Notification No 762Com dated the 7th February 1931.)

(*iii*) Under section 30 of the Act, all officers of the Excise Department in Bengal not below the rank of Sub-Inspector have been vested with the powers of an officer in charge of a police-station for the investigation of offences under the said Act (Vide Government of Bengal, Commerce Department, Notification No 763Com, dated the 7th February 1931.)

(iv) Under sub-section (2) of section 34 of the Act, each of the following officers of the Excise Department in Bengal has been authorised to exercise the powers described in the said sub-section (regarding confiscation of articles seized), namely —

(a) Deputy Commissioners of Excise, Bengal, and the Collector of Excise, Calcutta

(b) Superintendents of Excise, and Inspectors of Excise in charge of districts (Vide Government of Bengal, Commerce Department, Notification No 764Com , dated the 7th February 1931)

(2) To remove difficulty experienced in the trade of locally manufactured foreign liquors owing to absence of any regulations regarding the minimum fluid contents of bottles of foreign liquor imported from abroad, it was decided to prohibit the sale of brandy, whisky, gin and rum, whether locally manufactured or imported, in quart bottles containing less than 22 ounces of such spirit and pint bottles containing less than 11 ounces It was also directed that bottles containing less than certain specified quantities shall bear distinctive labels specifying the contents The above rules came into force from 1st April 1931 (Vide Notification No 645T —A I, dated the 18th September 1930)

(3) The rate of duty on Indian made brandy, whisky, gin and rum and rectified spirit used in compounding and blending of Indian made foreign liquors and on spirits used in the manufacture of toilet preparations was reduced from Rs 21-14 to Rs 17-8 per Imperial London proof gallon with effect from the 1st November 1930 This was again enhanced to Rs 21-14 per L P gallon with effect from the 1st May 1931, except on perfumed spirits and toilet preparations the duty thereon being kept at Rs 17-8 per L.P gallon

(4) The rates of licence fees for sales of foreign liquor to the public in Bengal were increased with effect from the 1st October 1930 as follows —

(i) Annas three per bottle or rupee one and annas two per bulk gallon of whisky, brandy, gin, rum, liqueurs, Champagne and other wines

(ii) Anna one per bottle or annas six per bulk gallon of ale, beer, porter, cider and other fermented liquors, except beer sold to the Army (Vide Notification No 4188Excise, dated the 26th August 1930)

3 **Temperance movements.**—Owing to the movement against liquor and drug shops during the year, the work of any Temperance organisations, or local missionaries was not apparent

3A **The movement against liquor and drugs, and picketing of shops.**—The movement against liquor and drugs and the picketing of excise shops last year, started in some of the districts from the second week of April 1930 and spread throughout the Presidency by the middle of May 1930 The only districts not seriously affected by the movement were Darjeeling, Jalpaiguri and Chittagong

The general propaganda against the use of intoxicating liquor and drugs, as well as the picketing of shops of these articles, were carried on in an intensive manner up to the end of October, since when it gradually lost in intensity until the Delhi Agreement Within a month after the agreement, picketing of shops had practically ceased throughout the Presidency

The movement consisted of propaganda work both in rural and urban areas against indulgence in liquor and drugs, as well as of actual picketing of liquor and drug shops in towns, industrial centres as well as in many rural areas I saw the movement in actual operation, as well as its apparent effects in some of the districts both in town and rural areas It appeared to me that the propaganda against liquor and drugs, apart from picketing, had been very widely done in many of the districts and found a response amongst the majority of the people both in urban and rural areas, as the number of people used to intoxicating liquor and drugs is quite small when compared to the mass of the population in both such areas Picketing of shops was in many cases forcible, in which both the Excise and Police staffs,

deputed to prevent forcible obstruction to consumers, met with great difficulty in their work in view of the fact that the picketers had the sympathy of the majority of the local inhabitants who were habitual abstainers from these articles

There was appreciable diminution in consumption in every district, due partly to the movement, and partly to the economic condition of the year in the Presidency A portion of the diminution I would term genuine, and would attribute to the propaganda work that was carried on, but the result of the actual picketing of the shops in the manner carried on, was in many cases harmful

4 **Excise Licensing Boards.**—All the Excise Licensing Boards did useful work during the year with a due sense of responsibility and judgment

The *Calcutta Licensing* Board held 4 meetings during the year. The action taken by the Board is enumerated below —

(*i*) The following new licences were sanctioned —

(*a*) Foreign Liquor Public "off"	4

(*vi*) Nineteen applications for new foreign liquor licences in the different parts of the city were rejected

The *Howrah Board* held two meetings and recommended transfer of 2 tari shops, 1 country spirit, 1 foreign liquor "off," 2 ganja, 2 opium, 1 siddhi, and 1 charas licences and set aside the objections against one country spirit shop

The *Bally Board* held two meetings and rejected a proposal for a new opium shop and the objections against 1 country spirit 1 opium and 1 tari shop

The *Barrackpore Board* held two meetings One foreign liquor "off" shop and 1 restaurant licence were newly sanctioned and the sites of 1 country spirit and 1 tari shop were changed on the recommendation of the Board

The *Dacca Board* held two meetings On the recommendation of the Board 1 ganja shop was abolished and the sites of 2 country spirit and one tari shops were changed

The *Chittagong Board* held two meetings On the recommendation of the Board, 1 country spirit, 1 foreign liquor, and 2 tari shops were abolished, the site of 1 country spirit shop was changed and 3 branch country spirit shops were newly opened

5 **Excise Advisory Committees.**—In the areas other than those mentioned in paragraph 4 above, the local Excise Advisory Committees advised the Collectors of the districts as regards the number and location of excise and opium shops All their recommendations were carefully considered and most of them were accepted

In accordance with their recommendations, 5 country spirit, 6 tari, 3 pachwai, 1 opium and 1 charas shops were abolished, the sites of 1 foreign liquor, 4 country spirit, 5 tari, 9 pachwai, 2 opium, 2 ganja and 2 bhang shops were changed and 3 pachwai, 3 opium, 5 ganja and 1 bhang shops were newly opened with effect from the 1st April 1931

6 **Total revenue and charges (Imperial Returns Nos. I and II, Appendix A).**—The excise revenue and charges of the Presidency for the last five years are shown below —

Period	Revenue	Refunds	Expenditure (after deducting contribution of Rs 2 lakhs from the Government of India)	Net revenue	Percentage of charges (percentage of columns 3 and 4 to column 2)
1	2	3	4	5	6
	Rs	Rs	Rs	Rs	
1926 27	2,25,55,658	39,281	24,84,926	2,00,31,451	11 19
1927 28	2 24,69,057	37,808	23,76,277	2,00,54,972	10 74
1928 29	2,25,61,040	35,866	23,33,776	2,01,91,398	10 5
1929 30	2,26,47,923	35,458	22,73,627	2,03,38,838	10 19
1930-31	1,80,28,339	35,157	22,24,945	1,57,68,237	13 6
Difference of past two years	−46,19,584	−301	−48,682	−45,70,601	3 41

The decrease in revenue was entirely due to the propaganda against liquor and drugs accompanied by picketing of shops, and the acute economic depression during the year

7 **Actual receipts.**—Deducting the advance collections (Rs 1,48,097) for 1931-32 and adding the revenue (Rs 1,74,660) which was collected in advance in 1929-30, the actual receipts on account of 1930-31 were Rs 1,80,54,902 against Rs 2,25,95,975 (after similar adjustment) for the preceding year

8 **Excise Charges (Imperial Return No. II, Appendix A).**—The total expenditure of the Excise and Salt Department, excluding the cost price of opium payable to the Government of India, was Rs 15,73,136 against Rs 16,20,441 during 1929-30 The decrease in expenditure was due to postponement of new expenditure provided in the budget and curtailment of expenditure under ordinary heads

9. **Revenue under different heads (Imperial Return No. I, Appendix A).**—There was decrease of revenue under almost all the heads The largest decrease (Rs 27,47,529) occurred under "Total receipts from country spirits," followed by "Total receipts from hemp drugs" (Rs 13,92,541). "Receipts from country fermented liquors (Pachwai)" (Rs 1,84,698), "Total receipts from Opium" (Rs 1,79,585), "Tari tree-tax" (Rs 1,24,536), "Other receipts from tari" (Rs 93,794) and "Duty on spirits used in manufacture of medicines and on rectified spirits and absolute alcohol used for medicinal purposes" (Rs 67,271) There was, however, an increase of Rs 1,69,773 under the head "Duty on wines and spirits manufactured in India and classed as foreign liquors" followed by "Licence fees for sale of beer manufactured in India or elsewhere" (Rs 32,035)

10 **Demand and collection (Provincial Table No. I, Appendix B).**—Of the gross demand of Rs 1,81,86,158 a sum of Rs 1,80,28,339 or 99 13 per cent, was realised, Rs 41,249 was remitted as irrecoverable The incidence of Excise revenue per head of population was 6 annas 2 pies against 7 annas 8 pies in the previous year

CHAPTER II.—COUNTRY LIQUOR.

* * * * * * *

Country Spirit.

12 **System of supply and sale.**—There were no changes in the system of supply and sale

13 **Retail licences.**—The number of licences for the retail sale of country spirit was 926 against 931 On the recommendations of the Local Excise Advisory Committees or the Licensing Boards, two shops in Burdwan and one in each of the districts of Bankura, Hooghly, Rangpur, Jalpaiguri and Darjeeling were abolished and two, one in each of the districts of Birbhum and Chittagong, were newly opened

14 **Consumption.**—The total consumption of country spirit in the Presidency amounted to 3,83,037 L P gallons as compared with 5,75,121 L P gallons in the preceding year, showing a decrease of 1,92,084 L P. gallons Consumption decreased in all the districts, except Chittagong where an increase occurred on account of large issue to shops in the tea garden areas in the district, this increase largely meant the replacement of illicit by licit liquor

Noticeable decrease occurred in the following districts —

Dinajpur (8,993 L P gallons or 65 2 per cent)
Mymensingh (11,504 L P gallons or 60 4 per cent)
Tippera (5,094 L P gallons or 59 9 per cent)
Howrah (8,661 L P gallons or 58·4 per cent)
Bogra (4,595 L P gallons or 57 3 per cent)
Murshidabad (4,480 L P gallons or 56 1 per cent)
Pabna (3,854 L P gallons or 52 4 per cent)
Rangpur (8,280 L P gallons or 49 5 per cent)
Bankura (7,889 L P gallons or 48·3 per cent)
Khulna (3,097 L P gallons or 48 2 per cent)
Hooghly (15,430 L P gallons or 40 1 per cent)
Malda (3,686 L P gallons or 40 04 per cent)

In all these districts the decrease was due to the propaganda against liquor and drugs combined with the picketing of shops, and the general economic distress of the people

A statement is given below showing figures of consumption of country spirit in the industrial areas in the districts of the 24-Parganas, Hooghly and Howrah from the year 1926-27 to 1930-31, the year of the report —

Year	Hooghly	Howrah	24-Parganas
	L P gallons	L P. gallons	L P gallons
1926-27	11,349	7,094	28,694
1927-28	10,088	6,580	25,847
1928-29	10,020	6,604	26,385
1929 30	9,945	6,994	26,297
1930-31	6,303	4,012	21,018

15 **Total revenue from country spirit.**—The total revenue (licence and distillery fees and duty) from country spirit was Rs 58,38,587 against Rs 85,86,116 showing a decrease of Rs 27,47,529 The revenue derived from duty and distillery fees decreased by Rs 24,01,911 and that from licence fees decreased by Rs 3,45,618

16 **Convictions for drunkenness and action taken against licensees for permitting it.**—Appendix B, Table VI, shows the number of persons convicted of drunkenness in the municipal areas In Calcutta 4,076 persons were convicted of drunkenness as compared with 4,683 persons in the previous year showing a decrease of 607 persons or 12 9 per cent The Commissioner of Police as well as the Magistrate of Howrah report that the decrease is possibly due to picketing of liquor shops during the Civil Disobedience Movement These figures form no reliable index to the increase or decrease, in drunkenness The convictions are the outcome of the activity of the Police officers In other areas of the Presidency no noticeable increase or decrease in convictions for this offence came to light in the year under report

* * * * * * *

Tari.

18 **General.**—The tree-tax system of taxation on tari was in force in the districts of Calcutta, 24-Parganas, Hooghly and Howrah which contributed 85 per cent of the entire revenue from tari in the Presidency It would be desirable gradually to increase the direct tax on trees and bring down the tax from licence fees

19 **Statistics.**—The total receipts under the head "Tari" decreased from Rs 10,15,297 to Rs 7,96,967 The number of retail licences decreased from 503 to 488 Out of the total revenue of Rs 7,96,967 from tari, Rs 7,68,887 was derived from the Burdwan and the Presidency Divisions and the district of Malda Of the total revenue, Rs 4,58,807 was derived from tree-tax and Rs 3,38,160 from licence fees The corresponding figures for the previous three years were as follows.—

	1927-28	1928-29	1929 30
	Rs	Rs	Rs
Tree-tax	5,65,404	5,50,706	5,83,343
Licence fees	4,13,146	4,24,832	4,31,954

Of the figures shown under head "Tree-tax" the amounts contributed by shop licensees and by domestic consumers respectively were as follows during the year of report and the previous three years —

	1927 28	1928 29	1929 30	1930-31
	Rs	Rs	Rs	Rs
Tree-tax paid by—				
Shop licensees	4,74,546	4,69,687	5,00,046	3,97,062
Domestic consumers	90,858	81,019	83,297	61,745

The decrease in revenue, viz , Rs 2,18,330 was due to settlement of shops at lower fees on account of general trade depression and consequent bad economic conditions

Pachwai.

20 **Licences.**—The total number of licences issued for "retail sale," "home-brew (annual)" and manufacture of pachwai on special occasions was 54,614 as compared with 67,387 in 1929-30

	Number of licences issued in	
	1929-30	1930-31
Retail sale	1,161	1,148
Home-brew (annual)	65,220	52,165
Manufacture on special occasions	1,006	1,301

The decrease in the number of licenses permitting "home-brew" of pachwai was due to economic distress amongst the aborigines especially in Dinajpur, Malda and Rajshahi

21 **Revenue.**—The revenue in licence fees from "retail vend shops" decreased from Rs 14,29,265 to Rs 12,67,247 The decrease was marked in Burdwan (Rs 18,925), Birbhum (Rs 80,867), Bankura (Rs 34,177), Hooghly (Rs 12,410) and Murshidabad (Rs 9,319)

The decrease in revenue in the districts mentioned above was due to decrease in the consumption of the article brought about by the intense propaganda work against liquor and drugs that was carried on last year as well as actual picketing of shops The decrease in revenue would have been appreciably higher had not the average current price of rice, which governs the taxation continued at a lower level than in the preceding year

The decrease in licence fees from home-brew of pachwai from Rs 91,445 to Rs 68,765 was due to issue of a less number of licences

The total revenue derived from pachwai licences under the above three heads decreased from Rs. 15,20,710 to Rs 13,36,012 in the year under report

22 **Consumption.**—The consumption in the districts of Burdwan, Birbhum, Bankura, Midnapore, Hooghly, Nadia and Murshidabad where the Bengal fixed-fee system was in operation from previous years and accurate figures of consumption from the licensed shops were available, amounted to 164,908 maunds of rice against 230,904 maunds of rice during the previous year as detailed below —

	Maunds of rice	
	1929-30	1930-31
Burdwan	110,334	93,749
Birbhum	60,552	36,692
Bankura	27,440	12,904
Midnapore	6,680	5,770
Hooghly	12,988	7,652
Nadia	3,064	1,952
Murshidabad	9,746	6,189
Total	230,904	164,908

Out of 1,148 licences in the Presidency for the manufacture and vend of pachwai, 963 worked under the fixed-fee system during the year

* * * * * * *

24 **Control over manufacture and sale of bakhar.**—The number of licences issued for the manufacture and sale of bakhar during the year was as follows.—

	Number of licences issued	
	Manufacture and sale of bakhar	Sale of bakhar
Burdwan	1	6
Birbhum	5	4
Bankura	4	8
Midnapore	42	
Hooghly		2
Murshidabad		2
Dacca	8	2
Rajshahi	2	4
Dinajpur	2	2
Rangpur		6
Bogra ..		1
Malda .	2	

Bakhar was declared to be an excisable article for all purposes throughout the Presidency except in the districts of Jalpaiguri and Darjeeling from April 1929 The main grounds for bringing the article under control were prevention of the mixture of any poisonous

herb or ingredient in the article, which used to be done with a view to increase the thirst for drinks, and better control of illicit manufacture of spirits and pachwai Both these objects which have also a bearing on the revenue from liquors, are being gradually fulfilled and will be perfected more and more in course of time as the regulations continue to be strictly enforced

25 **Adulteration of bakhar.**—During the year under report there was no case of adulteration of bakhar, with aconite or any other poisonous substance by the licensed bakhar manufacturers

The Collector of Customs, Calcutta, has commented on the statistics for the port of Calcutta in 1930-31, as follows —

"The general trade depression coupled with the political boycott and picketing of liquor shops is responsible for the general decline in imports of liquors "

"The United Kingdom had the bulk of the trade in ale, beer and porter as also in whisky and gin with 710,561, 165,754 and 38,115 gallons respectively The total quantity of gin imported was 38,473 gallons France as usual supplied the bulk of the brandy, imports of which from that country amounted to 65,091 gallons, while the bulk of the rum came from Java whence imports of rum denatured on arrival amounted to 531,176 gallons and other rum to 22,338 gallons "

The following statistics show imports and issue of potable spirits in London proof gallons at the Calcutta Custom House —

	Brandy, whisky, rum and gin

Ganja.

44 **Retail licences.**—The total number of licences issued in the Presidency for the retail sale of ganja was 1206 against 1204 in 1929-30.

45 **Consumption.**—The total quantity of ganja consumed in the Presidency amounted to 1,155 maunds 9 seers against 1,559 maunds 7 seers showing a net decrease of 403 maunds 38 seers or 25 9 per cent

Consumption fell in all the districts, and the fall was due, as in the case of other intoxicating articles, to the propaganda against liquor and drugs and picketing of liquor and drug shops carried on during the year, as well as to the general economic depression Closure of mills, short-time working therein as well as reduction in the number of mill and factory workers also contributed to the decrease in industrial areas

46 **Total revenue.**—The total receipts for the year amounted to Rs 36,61,422 against Rs 49,49,446 in the previous year, the net decrease amounting to Rs 12,88,024 The revenue from licence fees and duty decreased by Rs 6,40,003 and Rs. 6,46,662 respectively while that from gola rent also decreased by Rs. 1,359.

47. **Incidence of taxation.**—The incidence of licence fees per seer of ganja consumed was Rs 37 and that of duty Rs. 40 The total taxation was 77 per seer as compared with 77 7 in the previous year

* * * * * * *

50 **Cultivation and outturn of ganja at Naugaon in Rajshahi.**—The following figures indicate the position regarding the operations of ganja cultivation in Naugaon in the Rajshahi district during the last six years:—

Year	Number of cultivators licensed	Area licensed	Total outturn	Average outturn per bigha	Total exports from Naugaon
		Bighas	Mds	Mds srs	Mds
1925-26	3,099	1,761	4,598	2 14	4,961
1926 27	2,996	1,800	5,256	2 36	4,722
1927-28	3,010	1,796	6,073	3 15	4,709
1928-29	3,231	1,900	5 526	2 35	4,131
1929-30	3,047	1,799	4,414	2 15	4,231
1930-31	2,940	1,800	3,431	1 38	2,596

The area sanctioned for cultivation during the year was 1,800 bighas There was no case of cancellation of licence, but there were a few cases of surrender of licences during the year for want of seedlings The area actually cultivated was 1,749 bighas 4 cottahs and 8 chitaks against 1,855 bighas 12 cottahs and 2 chitaks in the previous year

The crop from the early seedlings grew well without any hindrance till the third week of January when some unexpected showers of rain caused serious damage to the ripe crop The rains washed away a portion of the narcotic property of the drug and caused the growth of an abundance of leaves in between the flowering tops of the plants causing further damage to the already damaged crop Pests like hirkati, red spiders, sidla, etc , and diseases like gorjalla and mukhjalla also made an appearance after the showers of rain in January and caused damage during the frequent cloudy days in February The crop from the late seedlings was mostly a failure and had to be burnt in the chatars Both the total produce and the average outturn per bigha were consequently much lower than in the preceding years.

Bhang.

55 **Licences and revenue.**—The total number of retail licences for the sale of bhang was 331 against 325 in the previous year The total number of druggists' permits issued was 574 against 608 in the previous year The total revenue from licence fees and duty amounted to Rs 1,71,999 as compared with Rs 1,96,193 in 1929-30 showing a decreae of Rs 24,194

56 **Consumption.**—The principal demand for bhang was, as in the previous years, confined to most of the West Bengal districts In most of the districts in East Bengal the demand for bhang as an intoxicant is very small The total quantity of bhang consumed in the Presidency amounted to 334 maunds 5 seers against 397 maunds 2 seers in the previous year showing a decrease of 62 maunds 37 seers

57 **Exports.**—Two maunds and thirty seers of duty-paid bhang were exported from Hooghly to French Chandernagore against 3 maunds in the previous year Eighteen seers of duty-paid bhang were issued from Comilla to the adjacent state of Tripura against 23 seers in the preceding year.

58. **Abuse.**—No case of abuse of medicinal preparation manufactured from the drug was reported during the year.

Charas.

59 **Licences and revenue.**—The total number of licences issued in the Presidency for the retail sale of charas was 34 against the same number in 1929-30. There were 3 wholesale licences against the same number in the preceding year. The total receipts for the year amounted to Rs. 2,09,363 as compaerd with Rs. 2,89,686 in 1929-30.

60 **Import, export and consumption.**—The total quantity of charas imported into the presidency was 38 maunds against 53 maunds 16 seers in the previous year. The drug was as usual imported by the wholesale dealers of Calcutta and Birbhum direct from the Punjab and supplied to the retail vendors of the districts. The total issue to retail shops in the presidency was 38 maunds 2 seers as compared with 52 maunds 18 seers in the preceding year, while the consumption in Calcutta amounted to 23 maunds 24 seers against 27 maunds 39 seers in previous year.

Fourteen seers of charas were exported to French Chandernagore during the year against 12 seers exported during the previous year.

CHAPTER V.—OPIUM.

* * * * * * *

61 **Restricted supply of opium.**—The restricted system of supply of opium to licensed shops, under which the monthly supply to each shop is limited to requirements in each locality and increase of supply is not permitted except on clear evidence of an increase in demand, worked in the districts named below:—

Bankura	Mymensingh
Midnapore	Faridpur
Hooghly.	Bakarganj
Howrah	Chittagong
24-Parganas	Noakhali
Calcutta	Tippera
Nadia	Rajshahi
Murshidabad	Jalpaiguri
Jessore	Rangpur
Khulna	

In other districts the system was not in force as no necessity was felt to regulate supplies. In districts in which the limits of supply were restricted the issues and consumption were actually less than the limits fixed, except only in the district of the 24-Parganas, where the entire fixed allotment was sold.

62 **Consumption.**—The consumption of excise opium during the year under report was 885 maunds 11 seers, as compared with 993 maunds 21 seers in the preceding year, showing a decrease of 108 maunds 10 seers.

Noticeable decrease occurred in the following districts.—

Burdwan (12 maunds 11 seers or 25 4), Birbhum (3 maunds 36 seers or 23 4), Bankura (4 maunds 35 seers or 32 6), Midnapore (10 maunds 17 seers or 9 6), Howrah (4 maunds 30 seers or 12 2), Nadia (5 maunds 6 seers or 26 7), Murshidabad (2 maunds 37 seers or 21 8), Jessore (2 maunds 19 seers or 18 3) Khulna (4 maunds 23 seers or 21·7), Dacca (6 maunds 31 seers or 19 6), Mymensingh (5 maunds 8 seers or 28 4), Faridpur (2 maunds 20 seers or 17 3), Bakarganj (3 maunds 1 seer or 8 2), Noakhali (1 maund 27 seers or 20 6), Tippera (3 maunds 30 seers or 25 0), Rajshahi (1 maund 24 seers or 20 7), Dinajpur (3 maunds 29 seers or 31 1), Jalpaiguri (1 maund 17 seers or 13·8), Rangpur (5 maunds 32 seers or 37 0), Bogra (1 maund 20 seers or 34·6), Pabna (2 maunds 11 seers or 31 8), Malda (3 maunds 22 seers or 23·0) and Darjeeling (34 seers or 20·4).

The decrease in consumption was largely due to the general depression in trade, the economic distress of the consuming public, a rise in the retail sale price of the drug as well as the propaganda against liquor and drugs and the picketing of shops

63 **Licences for retail sale.**—The total number of licences issued for the retail sale of excise opium was 864 as compared with 855 in the previous year One shop was abolished in Rangpur and 10 new shops, viz , 2 in Faridpur and one each in Bankura, 24-Parganas, Nadia, Jessore, Khulna, Dacca, Chittagong and Tippera were opened to meet ascertained local demand

64 **Medicinal permits and licences under the Opium and Morphia Rules.**—The total number of permits and licences issued was 1,756 as compared with 1,663 in the previous year The number included 901 licences or permits issued for intoxicating drugs including opium 855 licences or permits issued for morphia drugs Details are given below —

Intoxicating drugs including opium		Morphia Drugs	
Manufacturing chemists	33	Dealers . .	37
Dispensing chemists	670	Dispensing Chemists	658
Kavirajes and Hakims	109	Persons approved under rules 21 (1) and 21 (2)	30
Permit holders	89	Persons authorised under rule 22	130
Total	901	Total	855

The increase in the number of licences was due to increase in ordinary chemists' and druggists' business

65 **Revenue.**—The total receipts amounted to Rs 46,42,061 as compared with Rs 48,21,646 in the year 1929-30

66 **Abuse of opium and morphia.**—The use of morphia as a substitute for opium does not appear to have been prevalent in any district in the Presidency of Bengal The administration of opium pills to children has not been reported from any district this year

* * * * * * *

CHAPTER VI.—COCAINE.

70 **Licences and revenue.**—Four hundred and seventy licences were issued during the year to chemists and druggists for the sale of cocaine on prescriptions of qualified medical practitioners as compared with 482 in 1929-30 One hundred and eleven permits for the possession of cocaine were issued free to managers of hospitals or dispensaries not under Government supervision Seventy-six permits were issued to qualified medical practitioners and dentists

71 **Preventive operations and illicit transactions in cocaine.**—Dealt with in paragraph 73 and Section VII of the report

* * * * * * *

CHAPTER VII.—OFFENCES AGAINST THE EXCISE AND OPIUM LAWS.

* * * * * * *

73 **Prosecutions and convictions.**—The number of prosecutions and convictions during the year as compared with that in 1929-30 stood as follows —

	1929-30	1930-31
Number of cases—		
Prosecuted	5,757	7,101
Convicted	5,590	6,830
Number of persons—		
Prosecuted ..	6,315	7,971
Convicted .. .	5,718	7,060

There was increase both in the number of prosecutions and convictions mainly due to larger detection of offences of illicit manufacture or possession of country spirit, pachwai and bakhar, which received some impetus from the propaganda against liquor and drugs and the picketing of liquor shops in tracts in West Bengal where illicit distillation of spirits and manufacture of pachwai are usually prevalent amongst certain classes of the people.

There were no new developments in the course and methods of illicit practices in intoxicating articles prevalent in the province, except persistent efforts on the part of some of the Chinese residents in the city of Calcutta and its neighbourhood to distil spirits illicitly mainly for sale, and also on the part of some of the hill people resident in the city and in the adjoining areas to do the same Effective action was taken throughout the year by the Calcutta, 24-Parganas and Howrah detective staffs to combat the evil and a very large number of detections were made.

As I observed in paragraph 75 of my report of last year, the inadequacy of punishments awarded by some Magistrates in liquor cases nullified to some extent the effect of the action taken by the detective staffs in suppressing the evil effectively amongst the Chinese and Nepalese residents in the city of Calcutta and its neighbourhood

Efforts of smugglers of cocaine, opium and charas continued to receive constant attention from the officers of the department as well as of the Customs and the Police

In Calcutta the illicit traffic inside the city as well as at the railway terminii continued to be looked after by the Excise detective staff in co-operation with the Police officials, while the illicit traffic on board the vessels and on the jetties was looked after mainly by the Customs detective staff

The department is thankful for the co-operation that it uniformly receives from the Customs and Police officials engaged on detection work, both in Calcutta and in the mufassal

The total seizures of opium during the last three years in the Presidency were as follows —

Year	Mds	Srs
1928-29	44	4
1929 30	36	17
1930 31	29	26

Of the total quantity of opium seized during the year 14 maunds 20 seers were seized by the Excise detective staff in Calcutta, 2 maunds 12 seers by the Railway Excise staff and 2 maunds 2 seers by the Excise staff in districts while the Customs detective staff in Calcutta and Chittagong and the Police in Calcutta and Howrah made seizures of 8 maunds 7 seers and 2 maunds 25 seers, respectively

The total seizures of cocaine during the last three years are noted below —

Year	Ozs	Grs
1928-29	2,349	202
1929 30	6,314	339
1930-31	2,077	75

Of the total quantity seized during the year, 1,829 ounces were seized by the Customs detective staff on board the vessels and in jetties in the port of Calcutta, 208 ounces by the Calcutta Excise detective staff, 31 ounces by the Excise staff in districts, 1 ounce by the Railway Excise staff and 8 ounces by the Police in Calcutta, Howrah and 24-Parganas.

Dacca.—No 508P H —7th March 1932 —Rai Sahib Surendra Narayan Roy, B E, A.M I.E (Ind), Assistant Engineer, Dacca City subdivision, Public Health Department, Bengal, is granted leave on average pay for fifteen days from the 4th March 1932, under rule 81 (*b*) (*ii*) of the Fundamental Rules

No 572P H —11th March 1932 —The following advance report by Major Covell on malaria in Calcutta and its vicinity is published for general information —

1 The amount of epidemic malaria existing in Calcutta at the present time is very slight

2 Nevertheless, transmission of malaria does occur in Calcutta, probably originating chiefly from imported cases, leading to localised outbreaks in various parts of the city This has probably been the case from the earliest time, though records prior to the year 1900 are unreliable There is definite evidence that there has been a considerable amount of locally acquired malaria at various times during the past thirty years

3. *Anopheles stephensi*, which is the only malaria-carrying mosquito in India capable of adapting itself to the conditions obtaining in cites, is undoubtedly the transmitting agent of the disease in Central Calcutta This species is breeding freely throughout the city, chiefly in cisterns and other receptacles for storing water Except on rare occasions it does not breed in tanks, which are probably of little importance as regards malaria in Calcutta The breeding places of *A stephensi* have been very much more numerous in recent years with the development of the water-carriage system of conservancy and the enormous increase in the number of water connections

4 This being so, the numbers of this species in Calcutta are probably greater than they have ever been before, and they are increasing year by year If the breeding places are allowed to continue in their present condition, it is exceedingly probable that in the future the prevalence of locally acquired malaria in Calcutta will be increased, and will form a factor of definite economic importance in the life of the city

5 The obvious remedy is to institute a vigorous campaign directed against the breeding places of *A. stephensi*. The nature of these breeding places, which are exclusively man-made, are well-known The measures required were laid down in detail by the writer in his report on Malaria in Bombay, 1928, a copy of which is forwarded with the present note It is recommended that similar measures be carried out in the case of Calcutta It is strongly urged that the efforts of the anti-mosquito organisation recently sanctioned by the Corporation of Calcutta be directed in the first place against the breeding places of *A stephensi* Since these breeding places are the same as those favoured by *Aedes aegypti* (*Stegomyia fasciata*), the carrier of dengue and of yellow fever, and the most vicious biter of all the mosquitoes of Calcutta, the measures recommended will be effective against these diseases as well as malaria, and will tend to reduce the general "mosquito nuisance"

6 Breeding places of *Anopheles ludlowii*, another well-known malaria carrier, have been found at various points within 12 to 20 miles of Calcutta, and the presence of this mosquito has been responsible for virulent outbreaks of malaria at Budge-Budge, Chengail and Falta within the last two years There is strong evidence that this species has only recently been introduced into these localities Adult specimens of *A ludlowii* have been caught at Majerhat, Bracebridge, Kidderpore, Howrah, Sealdah, Shambazar, Krishtopur and Shamnagar, to which places they have been conveyed by trains or country boats There is an extensive swamp at Majerhat, in close proximity to the docks, in which *A ludlowii* might breed if the conveyance of this species by trains from Falta were allowed to continue There is also a definite danger that *A ludlowii* may gain a footing in the Salt Lake area to the east of the city The Salt Lakes, which were formerly tidal and thus unsuitable as breeding grounds of *A ludlowii*, have in recent years become non-tidal, owing to the silting up of the Bidvadhari River

7 Hitherto the situation as regards *A ludlowii* has been kept under control by the Bengal Health Department, with the co-operation of the Garden Reach Anti-malaria Association, and of the anti-malarial staffs of the Bengal-Nagpur and Eastern Bengal Railways In order to cope with possible further developments it is of vital importance that the staff of the Bengal Health Department be immediately increased by the addition of two more survey units, and that it should be empowered to institute control measures at any point where these may be found necessary It is recommended that a sum of Rs 10,000 be set aside for control measures, in addition to the sum sanctioned in 1931, to be used should need arise A dozen rotary blowers and six mixers for pairs green should be purchased immediately, and one ton of soft stone powder and a supply of pairs green be held in readiness

8. Since it has been proved that country boats play an important part in the conveyance of *A. ludlowii* and the formation of new breeding foci by this species of mosquito, it is suggested that all such boats be inspected at

Pratapnagar on the Bidyadhari River and at Falta on the Hooghly, and their covers temporarily removed. This procedure would greatly minimise the danger of *A. ludlowii* being carried into the Salt Lake area from the direction of Port Canning, and up the Hooghly from the Sunderbans and Midnapore.

9. The flood-and-flush scheme for South Budge-Budge recently submitted by the Chief Engineer, Bengal Health Department, which has for its object the introduction of silt-laden water from the Hooghly into the breeding places in that area, should be put in hand immediately.

10. Control measures should be rigidly carried out at Falta, Port Canning and Hasnabad, where the breeding of *A. ludlowii* is still going on.

11. Any engineering scheme designed to restore tidal influence in the Salt Lakes should be regarded as an important anti-malaria measure.

12. It is suggested that a spleen census of municipal school children be annually taken in the same month each year, and the results recorded in the annual report of the Health Officer, Calcutta Corporation. It is also suggested that blood films be taken from 100 children in each ward of the city annually, and examined for the presence of malaria parasites.

13. It is recommended that the medical officers in charge of dispensaries and hospitals in Calcutta be asked to keep a separate record of malaria in cases considered to have acquired their infection locally, and that the Police and Military and Railway authorities be asked to furnish similar information. The data thus obtained should be recorded in the annual reports of the Health Officer, Calcutta Corporation. These data, together with the records of spleen and blood examinations of children suggested in the preceding paragraph, would form a valuable index as to the incidence of malaria in different parts of the city from year to year.

14. It is strongly recommended that the Malaria Sub-Committee appointed by the Government of Bengal should continue its work. It is suggested that the Director, Malaria Survey of India, should be a member of this Sub-Committee.

Page 145—S. R. 259.—In sub-clause (*b*) (*ii*), for the last eleven lines, beginning with the words "Teachers of Anatomy" and ending with "Lytton Medical School, Mymensingh," *substitute* the following —

Teachers and Demonstrators at the Campbell, Dacca, Burdwan, Mymensingh, Jalpaiguri and Chittagong Medical Schools, except those entrusted with the duties of the Deputy Superintendent of the Schools, or allotted hospital duties, by the Superintendent of the Schools

Pages 130-31—S. R. 247.—At the end of the sub-paragraphs inserted by correction slip No 176, dated the 22nd May 1931, *add* the following —

"These orders are not intended to be applied with retrospective effect It is not the intention that the verification of the past temporary and officiating service of the Government servants should be undertaken all at

once with reference to these orders. So far as the past service is concerned, the former procedure should continue, that is an *ad hoc* verification should be made when the pension claim arises or is about to arise, in such individual cases in which there is any doubt, and current verification should be made in accordance with these orders with effect from the date of issue"

Pages 130-31—S. R. 247.—*Insert* the following as fresh sub-paragraphs under this rule after those inserted by correction slip No 176, dated the 22nd May 1931 —

Before the establishment pay bills are destroyed the periods of temporary and officiating service should be verified by the heads of offices from the pay bills concerned and the fact of verification recorded under proper attestation in the service books

The heads of offices should also invariably give necessary particulars with reference to articles 370 and 371 of the Civil Service Regulations with a view to enable the Audit Office to decide later on by reference merely to such particulars whether the temporary or officiating service will qualify for pension or not, for example, in the case of officiating service, the nature of the vacancy in which the Government servant officiated and in the case of temporary service, whether the temporary post was subsequently made permanent should be stated

When a non-gazetted officer is transferred from one office to another, the head of the office under whom he was originally employed should record in the service book under his signature the result of the verification of service, with reference to pay bills and acquittance rolls, in respect of the whole period during which the officer was employed under him, before forwarding the service book to the office where the services are transferred

PRESENT

THE KING'S MOST EXCELLENT MAJESTY.

Lord President

Sir Frederick Ponsonby

Sir Bolton Eyres-Monsell

Mr Chancellor of the Duchy of Lancaster

AND WHEREAS by the Merchant Shipping (Certificates) Act 1914 (b) the law relating to examinations in the United Kingdom for certificates of competency was amended, and it was enacted that the provisions of that Act should be construed as if they were contained in the principal Act

AND WHEREAS at the time when the principal Act came into operation there was in force an Order in Council (hereinafter referred to as the first recited Order) dated the 9th day of May, 1891, and made under an enactment repealed by the principal Act, and by the said Order it was declared that certain certificates of competency granted in certain British possessions therein named (including the possessions of Bombay and Bengal) by certain authorities therein mentioned, should be of the same force as if granted under the Acts then in force relating to Merchant Shipping

AND WHEREAS by section 738 of the principal Act, it is provided that where His Majesty has power under that Act to make an Order in Council His Majesty may from time to time by Order in Council revoke, alter or add to any Order so made

SCHEDULE

REGULATIONS WITH RESPECT TO THE USE, ISSUE, DELIVERY, CANCELLATION AND SUSPENSION OF INDIAN CERTIFICATES OF COMPETENCY

1 In these regulations the following expressions shall have the meanings hereby assigned to them, that is to say —

"Certificate of Imperial validity" means any certificate of competency except a certificate for a home-trade passenger ship, granted under the principal Act or any such certificates granted under provisions made by the legislature of a British possession as are declared by Order in Council to be of the same force as if they had been granted under that Act

"Indian certificate" means any such certificate of competency granted under the Indian Merchant Shipping Acts as is declared by this Order to be of the same force as if it had been granted under the principal Act.

2 Every Indian certificate of any grade shall be as like as possible in form and size to a certificate of the same grade issued in the United Kingdom, save that on the face and cover the words "Government of India" shall appear conspicuously

3 No Indian certificate shall be granted to a person who has been the holder of any certificate of competency which, having been granted under the principal Act or under any provision made by the legislature of a British Dominion, Colony or possession has been cancelled or suspended by any authority, court or tribunal in His Majesty's dominions except—

(i) as provided by the next following Regulation, or

(ii) in accordance with a recommendation made by the court or authority by whom the certificate was cancelled or suspended, that a certificate of lower grade should be granted, or

(iii) where the period of suspension has expired, and every certificate granted for a limited period, or pending the expiry of the period of suspension, has been delivered up to the authority by whom it was issued, or

(iv) where the authority by whom the cancelled or suspended certificate was granted, has informed the proper authority that no objection to the grant is known to exist

4 (1) Where an Indian certificate has been cancelled or suspended in British India, then if in the opinion of the proper authority the justice of the case requires it, or, where an Indian certificate has been cancelled or suspended in some part of His Majesty's Dominions outside British India, then if the proper authority is requested so to do by the authority exercising like powers in that part of those Dominions, the proper authority may return or re-issue the certificate, or shorten the period of suspension or grant in place thereof a certificate of the same or any lower grade

(2) Where a certificate of Imperial validity, other than an Indian certificate, has been cancelled or suspended in British India, the proper authority, if of the opinion that the justice of the case requires it, may grant in its place an Indian certificate of the same or any lower grade provided that such Indian certificate is expressed to have force only for such limited period as the proper authority may direct, and that immediately upon the issue thereof the authority by whom the cancelled or suspended certificate was granted is notified by the proper authority of the issue of such Indian certificate

5 When a certificate of competency is cancelled or suspended under a power conferred by the principal Act, and the person who held the certificate then also held an Indian certificate, the cancellation or suspension shall unless the authority exercising the power otherwise directs, extend as well to such Indian certificate.

6 Every authority, court or tribunal by whom an Indian certificate is cancelled or suspended shall send to the proper authority a full report upon the case together with a copy of the evidence taken therein and also the cancelled or suspended certificate, provided that where any such certificate is suspended in a part of His Majesty's Dominions outside British India for a period not exceeding nine months, the authority for the time being empowered to grant certificates of competency in that part of those Dominions, if satisfied that the circumstances render it desirable, may retain the certificate and return it to the grantee at the expiration of the period of suspension

7 Subject to these regulations, an Indian Certificate, which has from any cause been cancelled or suspended, shall be renewed or re-issued only by the proper authority

8 The proper authority shall from time to time cause to be furnished to the Registrar-General of Shipping and Seamen in London, accurate lists of all Indian certificates that may be granted, or that may for any cause be cancelled, suspended, renewed or re-issued, and also duplicates of the applications for examination made by the persons to whom such certificates have been granted

9 Any Officer of the Board of Trade, or the Registrar-General of Shipping and Seamen or any of his Officers, or a Superintendent, or a duly appointed Shipping Officer in a British Dominion, Colony or possession or a British Consular Officer may demand the delivery to him of any Indian Certificate which he has reason to believe has been improperly issued, or forged, altered, cancelled, or suspended, or to which the person using it is not, in the belief of such Officer, justly entitled and may detain such certificate for a reasonable period for the purpose of making inquiries respecting such issue, forgery, alteration, cancellation, suspension, or possession, and any person who, without reasonable cause, neglects or refuses to comply with such demand shall incur a penalty not exceeding twenty pounds sterling or its equivalent in local currency, which may be recovered wherever in His Majesty's Dominions such person may be found, if in the United Kingdom in the same manner as fines may be recovered under the principal Act, or if in some other part of His Majesty's Dominions, in such summary manner as may be provided by the law of that part of those Dominions

10 Nothing in these Regulations shall prejudice or derogate from any power conferred upon the Board of Trade by the principal Act, or any amendment thereof for the time being in force

Provided that nothing in this sub-section shall apply where the tenant has done by any act contrary to the provisions of clause *(m)*, clause *(o)*, or clause *(p)* of section

The Calcutta Rent Bill, 1932

(Clauses 12, 13)

108 of the Transfer of Property Act, 1882, or has been guilty of conduct which is a nuisance or an annoyance to adjoining or neighbouring occupiers, or where the premises are *bona fide* and reasonably required by the landlord either for purposes of building or rebuilding, or for his own occupation, or for the occupation of any person for whose benefit the premises are held, or where the landlord can show any cause which may be deemed satisfactory by the Court

(*2*) Where the landlord recovers possession on the ground that the premises are required for his own occupation or for the occupation of any person for whose benefit the premises are held, the tenant shall have a right of re-entry if the premises are let to another tenant within a year from the date of recovery of possession The tenant shall also have a right of re-entry, if the premises required for building or rebuilding are not so built or rebuilt within one year from the date of recovery of possession

(*3*) The fact that the period of the lease has expired, or that the interest of the landlord in the premises has been transferred, shall not of itself be deemed to be a satisfactory cause within the meaning of the proviso to sub-section (*1*), provided that the tenant is ready and willing to pay rent in conformity with the provisions of this Act

(*4*) Where a landlord refuses to accept the rent referred to in sub-section (*1*) offered by a tenant, the tenant shall deposit it with the Controller within a fortnight of its becoming due

(*5*) No tenant shall be entitled to the benefit of this Act in respect of any premises, unless within three months of the date of the commencement of this Act he has paid all arrears of rent due by him in respect of the said premises, and also unless he pays the rent due by him in conformity with the provisions of this Act within the time fixed in the contract with his landlord, or, in the absence of any such contract, by the fifteenth day of the month next following that for which the rent is payable Provided however that where the tenant does not pay the rent regularly or where the tenant is a defaulter in spite of deposit of rent with Controller but upon being served with a summons for the recovery of possession tenders the rent in arrear or the balance of the standard rent recoverable by the landlord such tender will preclude the landlord from obtaining an order for the recovery of possession

Power of Court to receive order in certain cases

12. Where any order or decree of the kind mentioned in section 11, sub-section (*1*), has been made on or after the 1st day of April, 1927, but not executed before the date of the commencement of this Act, and if such order or decree could not have been made if this Act had been in operation at the date of the making of the order or of the passing of the decree, the Court may rescind or vary the order or the decree, as the case may be, in such manner as the Court may think fit, for the purpose of giving effect to this Act

Issue of distress warrants and other processes barred in certain cases

13. No distress warrant shall be issued under Chapter VIII of the Presidency Small Cause Courts Act, 1882, and no process under the Code of Civil Procedure, 1908, in execution of a decree passed *ex parte* thereunder, shall be issued, either for the attachment of property, or for the arrest of any tenant, in connection with recovery of rent of any premises situated in any area to which this Act may apply, unless

The Calcutta Rent Bill, 1932.

(Clauses 14, 15.)

the person applying for execution shall, when making his application, swear or affirm by affidavit or otherwise that none of the rent, in respect of which execution is applied for, is irrecoverable under this Act.

Rent which should not have been paid may be recovered

14. (*1*) Where any sum has, after the date of the commencement of this Act, been paid on account of rent, being a sum which is by reason of the provisions of section 15 of this Act irrecoverable, such sum shall at any time within the continuance of this Act be recoverable by the tenant by whom it was paid from the landlord who received the payment, and may, without prejudice to any other method of recovery, be deducted by such tenant from any rent payable by him to such landlord

(*2*) In this section the expression landlord includes, in the case of joint family property, the joint family of which the landlord, if deceased, was a member

Duties and powers of the Controller

15. (*1*) The Controller shall, on application made to him by any landlord or tenant, grant a certificate certifying the standard rent of any premises leased or rented by such landlord or tenant, as the case may be

(*c*) where the rent paid on the first day of April, 1927, or where the premises were not let on that date, the rent at which the premises were last let before that date was low or did not represent the fair rent , or

(*d*) where there has been a change in the condition of any premises or a change in the condition of the neighbourhood or an increase in the municipal rates taxes or cesses in respect of any premises since the 1st day of April, 1927, or during the continuance of this Act

Provided that under clause (*d*) the controller shall not increase the rent by more than ten per cent per annum on the amount expended on the improvement or structural alteration of the premises as provided for in section 5

(*4*) Before exercising any of the powers conferred on him by this Act, the Controller shall give notice of his intention to the landlord and tenant, if any, and shall duly consider any application received by him from any person interested within such period as shall be specified in the notice
